

Aishvary Kushvanshi

Salesforce Certified Platform Administrator & Developer

aishvarykushvanshi@gmail.com | +91 9232760810 | Gwalior, (M.P), India | [LinkedIn Profile](#) | [Salesforce Portfolio Site](#)

PROFESSIONAL SUMMARY

Salesforce Certified Platform Administrator & Developer with an elite analytical background built through high-stakes competitive policy research and process evaluation. Reached the **UPSC Civil Services Examination Interview stage twice (Top 0.2% nationwide out of 500,000+ candidates)**, demonstrating superior logical reasoning, structured problem-solving, and governance synthesis. Successfully transitioned into Salesforce engineering, earning **Agentforce in Action Challenge Top 50 Winner** status, a **100% score in Salesforce Admin Automation & Service, 12x Superbadges**, and **Double Star Ranger** credentials. Proficient in Salesforce CRM Administration, Flow Automation, LWC development, Apex fundamentals, and business process architecture.

KEY ACCOMPLISHMENTS & CREDENTIALS

- **Salesforce Certified Platform Administrator (2026)** – Scored 100% in Automation & Service/Support, 90% in Data & Analytics.
- **Salesforce Challenge Winner** – Recognized among Top 50 Winners in Salesforce's *Agentforce in Action Challenge 2026*.
- **Trailhead Credentials** – 12 Salesforce Superbadges | Double Star Ranger | Agentblazer Innovator (2026).
- **Completed Superbadges** – Multi-Factor Authentication & SSO, Apex for Agentforce, Agentforce Service, Prompt Builder Templates, Flow Collections & Loops, Screen Flow Distribution, Flow Optimization, Flow Administration, Flow Fundamentals, Record-Triggered Flow, Approval Process Troubleshooting, Approval Process Management.
- **Copado DevOps Certifications** – Copado Fundamentals I | Fundamentals II SFP | AI | Robotic Testing (2026).

TECHNICAL SKILLS

Salesforce Administration: Salesforce Configuration, Custom Objects & Fields, Record Types, Page Layouts, Formula Fields, Validation Rules, Lightning App Builder, User Administration, Profiles & Permission Sets, OWD & Sharing Rules, Flow Builder (Record-Triggered & Scheduled Flows), Approval Processes, Reports & Dashboards, Data Import Wizard, Data Loader, Data Cleansing, Agentforce.

Development & Tools: Lightning Web Components (LWC), Foundational Apex, SOQL & SOSL, Git, VS Code, Copado DevOps Fundamentals.

Business Analysis & Core Competencies: Business Process Modeling, Stakeholder Coordination, Requirements Gathering, Technical Mentoring, Analytical Thinking, Structured Problem-Solving, Attention to Detail.

SALESFORCE EXPERIENCE & APPRENTICESHIP

Salesforce Administrator & Developer Trainee

Aug 2026 – Present

SURE TRUST – Apprenticeship

India

- Participating in an intensive 6-month Salesforce Administration and Development program structured around core CRM architecture, custom business logic, and end-to-end platform deployment.
- Executing hands-on implementation assignments across data modeling, platform security controls, Flow Builder, approval processes, complex reporting, and dashboards.

Salesforce Developer Trainee

Jun 2026 – Aug 2026

TrailGuild

India

- Configured custom objects, fields, page layouts, record types, validation rules, profiles, permission sets, sharing rules, and organization-wide defaults for a distribution management solution.
- Automated sales, inventory, order management, and approval workflows using Record-Triggered & Scheduled Flows; built executive dashboards to track real-time KPIs.

Salesforce Developer Intern

Feb 2026 – Jul 2026

Anusri Talent Solutions

India

- Completed advanced Salesforce administration and automation modules using Flow Builder and complex validation rules.
- Earned *Flow Fundamentals*, *Flow Administration*, *Flow Optimization*, and *Approval Process Troubleshooting* Superbadges by architecting scalable flow logic and resolving approval routing issues.

SALESFORCE PROJECTS

Soft Drink Distribution Management System (The Agentforce In Action Challenge)

Aug 2026

- Built an end-to-end declarative Salesforce solution automating distributor onboarding, inventory tracking, approval chains, and order processing with custom data models, security controls, and flows.

- Implemented an Agentforce AI service agent grounded in CRM data; awarded **Top 50 Winner** globally.

Dynamic Health Metric Application (BMI) | Lightning Web Component

Aug 2026

- Built and deployed a responsive LWC on Salesforce Experience Cloud to compute health metrics dynamically using JavaScript, HTML5, and CSS3 with custom threshold validation logic.

Real-Time Currency Conversion Application | Lightning Web Component

Aug 2026

- Architected an interactive LWC on Experience Cloud (LWR) integrating external REST APIs (ExchangeRate-API) for live currency conversions with asynchronous event handling and input validation.

Live Weather Metrics Application | Lightning Web Component

Aug 2026

- Architected and deployed an interactive LWC on Salesforce Experience Cloud to fetch and display live temperature and weather conditions based on location input.
- Integrated third-party RESTful APIs using asynchronous JavaScript (fetch API) to retrieve real-time weather metrics, humidity, and atmospheric data with dynamic data binding.
- Implemented client-side input validation, API error handling, and responsive UI styling with dynamic threshold indicators to deliver a seamless user experience.

ANALYTICAL FOUNDATION & COMPETITIVE EXAMINATIONS

Strategic Research & Policy Analysis | UPSC Civil Services Examination

Jul 2015 – May 2026

Independent Preparation

India

- **Top 0.2% Merit Benchmark:** Qualified Preliminary examination **4 times** (Top 2–3% out of 500,000+ candidates) and cleared the 9-paper written Main Examination **twice** to advance to the final Personality Test (Interview) board.
- **Process & Policy Synthesis:** Analyzed extensive governance, public policy, and economic frameworks; synthesized large datasets into structured, analytical policy briefs and recommendations.
- **Systems Thinking & Discipline:** Demonstrated elite self-directed discipline, structured logical reasoning, and long-term goal execution under high-stakes conditions.

Advanced Technical Preparation | Indian Engineering Services Examination

Aug 2015 – Dec 2016

MADE EASY Education

Delhi, India

- Completed structured preparation in advanced engineering mathematics, technical problem-solving, and analytical reasoning.

PROFESSIONAL EXPERIENCE & ENGINEERING BACKGROUND

Business Operations & Customer Service Assistant

Jan 2017 – Jan 2026

Family-Owned Garment Business (Part-Time)

India

- Analyzed customer purchasing preferences and implemented product-bundling strategies to enhance average transaction value and optimize profit margins.

Academic Mentor (Engineering & Technical Subjects)

Jul 2016 – Aug 2016

Chegg India

Remote

- Provided one-on-one technical mentoring in engineering fundamentals, simplifying complex technical concepts for students.

Civil Engineer

Aug 2013 – Oct 2014

Government of Madhya Pradesh, Public Works Department

Madhya Pradesh, India

- Supervised construction activities for a government police housing project, managing contractor workflows, quality compliance, and project timelines.

EDUCATION

Bachelor of Civil Engineering

Graduated Jun 2013

ITM University

Gwalior, Madhya Pradesh, India
